DATE MAILED:

Please find below a communication from the EXAMINER in charge of this application  
Commissioner of Patents

The communication filed on 21 April, 2008, is non-responsive to the prior Office action mailed 06 February, 2008. Applicants failed to clearly identify those claims that read on the elected invention. For instance, it was asserted that claim 15 reads on the elected invention. However, this claim is directed toward a CD14 positive cell and does NOT read on the elected invention. Applicants should carefully review the restriction requirement and accurately identify those claims that read on the elected invention (e.g., CD3<sup>+</sup> primary lymphoid cells). Since the response appears to be *bona fide*, but through an apparent oversight or inadvertence failed to provide a complete response, applicant is given a TIME PERIOD of THREE MONTHS from the mailing date of the Office action mailed 06, February, 2008, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 C.F.R. § 1.136(a).

Box 1450, Alexandria, VA 22313-1450), or d) transmitted to the Office using the Office's Electronic Filing System.
